MANTUS ANCHORS

A REVOLUTION IN ANCHOR TECHNOLOGY

MANTUS
DINGHY ANCHOR
STAINLESS STEEL

The 2 lbs Mantus Dinghy Anchor brings superb setting ability in all bottom types and outperforms its competitors, even of much larger size. Designed to be used as kayak anchor or a dinghy anchor, this anchor weighs only 2 lbs and is recommended for boats 0 -16 feet.

THE BEST SETTING DINGHY ANCHOR

Stainless Steel Version is collapsible.

The shank easily slides into the fluke and needs only a single pin to lock.

MANTUS
DINGHY ANCHOR
GALVANIZED STEEL

The 2 lbs Mantus Dinghy Anchor brings superb setting ability in all bottom types and outperforms its competitors, even of much larger size. Designed to be used as kayak anchor or a dinghy anchor, this anchor weighs only 2 lbs and is recommended for boats 0 -16 feet.

THE BEST SETTING DINGHY ANCHOR

One piece carbon steel welded anchor

ANCHORS

A REVOLUTION IN ANCHOR TECHNOLOGY

MANTUS ANCHORS

GALVANIZED STEEL

DIGS LIKE NO OTHER
The Mantus Anchor is designed to penetrate dense grassy bottoms and set with unparalleled holding power. When tested, our anchors set faster and deeper than any other anchor tested, including Rocna, Manson Supreme, Bulwagga, Fortress, Bruce, CQR and Danforth anchors

EASY TO STORE
The Mantus anchor lineup simply has the best boat anchors available. Whether you are a long range cruiser, racing or going out for a day sail. The Mantus breaks down for easy storage, so you can store one or two as spares without taking up much needed boat space

BUILT STRONG
Shank and shank boot are welded from top and bottom
Shank and roll bar are bolted to the fluke
ASTM certified steel bolts are oversized with a large margin to ensure safety
Although the shank is attached to the fluke with 4 bolts, a single bolt has sufficient strength to handle the maximum expected load on the anchor
Formed out of high quality steel plate. Contains no cast parts
In the steel version every part of the anchor system is hot-dipped galvanized for corrosion protection
Sharp-headed nose is precision machined to achieve the perfect chisel shape to achieve maximum penetrating power

LIFE TIME WARRANTY
Mantus Anchors offers a lifetime warranty on its boat anchors.

Anchor Size	Lunch Anchor	Working Anchor	Storm Anchor
2 lbs	0-16 feet < 2,000 lbs		
8 lbs	16-20 feet < 2,000 lbs	0- 14 feet < 1,000 lbs	0-12 feet < 800 lbs

A REVOLUTION IN ANCHOR TECHNOLOGY

MANTUS SWIVEL

THE STRONGEST LINK IN YOUR CHAIN

FEATURES

The strongest link – Mantus swivel is stronger than its corresponding Grade 40 chain. (WLL is 1/5 UBS)

Integrated shackle design completely eliminates side loading making this the safest swivel on the market.

The pin on the chain side of the swivel is the strength limiting part since the geometry of the chain determines the pin size. Mantus swivel is the first to feature an oblong pin to maximizes the pin strength, with the aid of computer modeling and physical testing we truly created a swivel that is the strongest link.

316 L stainless steel

Three Sizes Available

S1 – 1/4 inch (6mm) grade 40 HT chain – 5/16 inch (8mm) grade 30 chain

S2 – 5/16 inch (8mm) grade 40 HT chain – 3/8 inch (10mm) grade 30 chiain

S3 – 3/8 inch (10mm) grade 40 HT chain – 1/2 inch (12mm) grade 30 chain

MANTUS
ANCHORMATE

MANTUS ANCHORMATE

MANTUS ANCHOR MATE
Get the perfect fit for your anchor

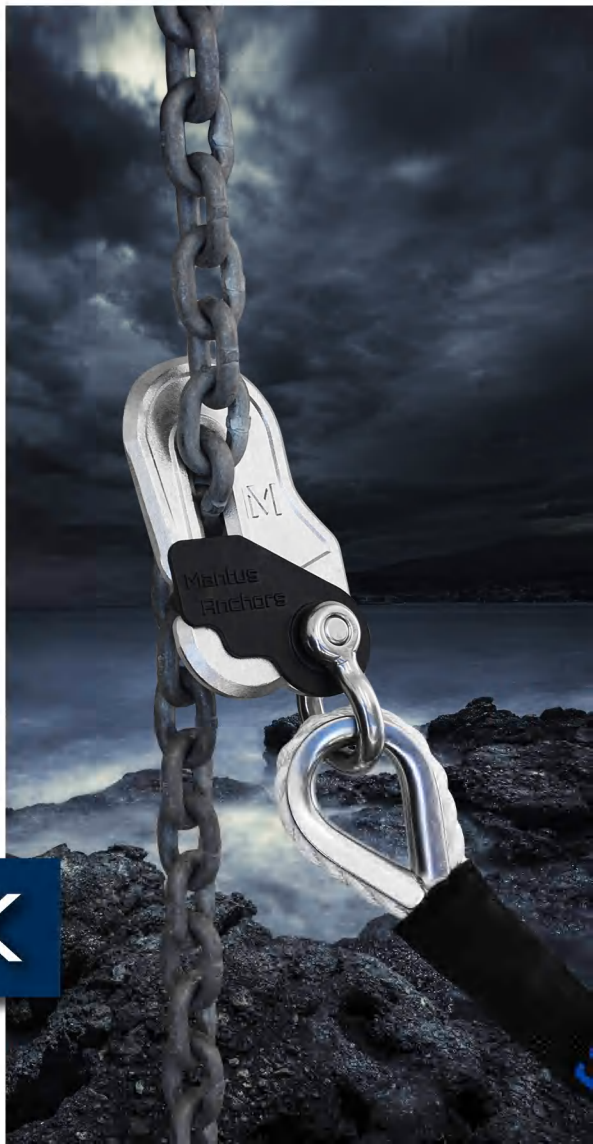

Anchor Mate guarantees your anchor a snug fit on your bow. Anchors frequently do not fit well on the bow rollers and boat owners resort to either switching to a sub optimal anchor design in order to ensure a better fit or invest heavily in expensive custom solutions to better secure their anchor on the bow. Anchor Mate was designed to mate an existing bow roller with an anchor of any design. Simple install uses the same bolt that articulates your roller, and converts an existing bow roller into a custom bow roller for any anchor. The design incorporates: Sturdy 316L Stainless Steel Precision Casting, Polyurethane V- guard from Stoltz Industries, and all 316L Fasteners.

MANTUS
HOOK

M2 HOOK

MANTUS HOOK

MANTUS CHAIN HOOK
The Smartest Bridle Hook for your boat!

The Mantus Chain Hook, or chain grabber securely latches to the chain even when chain is unloaded, making it much safer than standard chain hooks that often fall off

The Mantus Chain Hook has no moving parts, thus can withstand harsh marine environment

The chain grabber is safe, designed to be as strong as high test chain

The Mantus Hook will work with your bridle, snubber, or can join two chain strands

Fits BBB, Proofcoil, Hi Test and Stainless Chain

Available for 1/4, 5/16, 3/8 and 1/2 inch chain

Available in 316L Stainless Steel and Galvanized Carbon Steel

Precision Investement Cast

Shackle Included

Hook Size	WLL	Shackle Size	Recommended Bridle Rope Size
1/4 in	2600 lbs	7/16”	1/2”
5/16 in	3900 lbs	7/16”	5/8”
3/8 in	5400 lbs	1/2”	3/4”
1/2 in	9200 lbs	5/8”	1”

MANTUS
BRIDLE

MANTUS BRIDLE

MANTUS BRIDLE SYSTEM

Introducing the Mantus Anchors Bridle/Snubber System:

- Strong and Durable
- Designed to absorb the shock load from wind gusts and waves as high as 3 feet
- Employs chafe protection to all areas exposed to rubbing
- Uses heavy duty 316L stainless steel shackles and thimbles
- Comes with the Mantus Chain Hook/Grabber sized for your chain

So more simply said the bridle ensures that your anchor has the highest chance of staying put and your boat staying intact.

MANTUS BRACKET

MANTUS BRACKET

UNIVERSAL ANCHOR BRACKET

- Have your emergency anchor fully rigged and ready to deploy!
- This universal bracket allows you to store an anchor of any design on the rail in the cockpit or on the bow
- The rollers adjust and allow you to customize the bracket to snugly secure the shank of any design
- The tight flitting rollers eliminate any movement, yet the anchor easily slides into the customized bracket
- Made from Polished 316L Stainless Steel

ACCOMODATES MOST ANCHOR TYPES

MANSON BOSS	25 LBS/11.2 KG
ROCNA	45 LBS/20.5 KG
DELTA	44 LBS/20 KG
LEWMAR CLAW	33 LBS/15 KG
MANSON RACER	R6
PERFORMANCE WEST MARINE	35 LBS/15 KG

MANTUS

UNIVERSAL KEY

MANTUS
UNIVERSAL KEY

MANTUS UNIVERSAL DECK FILL LID KEY

Mantus Universal Deck Key is a multifunctional tool that opens all types and sizes of deck fill lids, and shackles. The tool is truly universal, intuitive, easy to use and comfortably fits in your pocket.

Mantus Universal Key is a stainless steel (316L) precision investment casting so it will not corrode or wear with time. It's the one tool every boat captain should own.

MANTUS
RAIL CLAMP

MOUNT ANYTHING

FEATURES

Designed to easily mount and dismount items to/from the rail.

Mount solar panels, speakers, lights, navigation equipment and much more with the ease of a simple SNAP

Interfaces with RAM accessories

Sturdy nylon reinforced fiber construction

7/8 inch (22mm), 1 inch (25.4 mm) and 1 1/4 inch (32mm)

MANTUS
SNAP-ON LIGHT

FEATURES

Snap on Light
Rechargeable led light that SNAPS to the rail
Warm LED light designed to give the cockpit a cozy feel.
Red LED light to aid with night navigation.
SOS Flashing Mode.
Charging Station for Mobile Devices.
Battery indicator light displays the battery level and charging status.
PX5 water resistance ensures a long life on your boat.
USB – IN port for easy recharging and USB – OUT port used to charge mobile devices.
Reliable, strong, durable but light construction designed to withstand falls over 2m/6 ft.
Comes in your choice of 7/8", 1" or 1 1/4" clamp sizes
